THEME: RESPONSIBILITY

THOUGHT: Responsibility is accepting that you are the cause and the solution of the matter

About Positive Communication

There is plenty of evidence that shows positive communication between parents and teachers helps improve academic performance. I would like to take this opportunity to remind our parents that communication between the school staff and home must be of a respectful nature. This includes messages sent on Class DoJo, emails, or notes written in the agenda.

Above all, remember that it is a three-way relationship between you, your child and their teacher and that only by working together positively can you help your child to achieve their full potential. Thank you.
